

# 10 Steps TO A ZERO DOLLAR POWER BILL

## 1. **FREE Efficiency Evaluation and Installation Design Plan.**

Solar Storage Solutions will design, draw, and supply a FREE proposal for your home that you get to keep.

We come to your home to make sure your new system will look great and be in the best place to maximise results when installed.

## 2. **Free Power Box Inspection for compliance.**

Before commencing any work.

- Your current meter box must be Ergon compliant.
- We can check that for you and advise of any costs that might be required to upgrade.
- We also contact Ergon for approval for solar on your residence.

## 3. **10% deposit is all that is required to get started.**

Get the work done before you pay for it. Solar Storage Solutions only requires a 10% deposit up front, then final payment upon completion.

## 4. **Single Day Installation**

In 90% of cases it takes us less than 8 hours to install your solar system and have you fully operational. We organise EVERYTHING and we clean up before we leave.

## 5. **High Quality Panels \*\*\*with a 25-year production guarantee and a 10-year manufacturing guarantee\*\*\***

We only use superior quality, Australian warranted and supplied solar panels and equipment that is guaranteed to capture and convert energy and work for you for years to come.

We also supply a 5-year workmanship warranty for any work we do for you.

## 6. **Online monitoring so you can see the savings**

At no extra cost we can show you how you can monitor the efficiency of your own system in real time.

At any given time, we can also look in on your system to make sure it is running at its optimal level.

## 7. **Your power stays on while everyone else is in a blackout**

The beauty of solar is that your supply will not be disrupted if the power goes off. Thanks to the help of battery storage, your lights, fridges, freezers, and other necessities will not be affected by a blackout.

## Solar Storage Solutions

Local showroom located at 51-53 Ingham Road, West End Townsville  
4810

Phone 47 242 779

Email [info@solarstoragesolutions.com.au](mailto:info@solarstoragesolutions.com.au)

## 8. A Zero Dollar Power Bill or Even Better. It's REAL!

Our customers report on average a 95% reduction in the cost of their electricity. In fact, in many cases our customers are reporting a 100% plus reduction, which means they are now making a profit from electricity. This could be you.

## 9. Local Showroom, Local Servicing and Local Repairs.

In the unlikely event of a breakdown or malfunction, we are right here to address the issue immediately. We are a 100% locally owned family business with a local repair team and showroom on Ingham Road, TSV.

## 10. Finance options available to suit your budget.

We have finance options available starting from just \$26.00 per week
